We provide brushes and pad holders that will give you the best possible performance between machine and floor. Following are descriptions of the materials and their applications.

|                               |                                                                                                                                                                                                                         |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Union Mix:</b>             | Medium grade natural fibers for polishing finished floors with standard-speed equipment. Recommended for use in place of white pads.                                                                                    |
| <b>ProLite:</b>               | Bristles are made from light-duty polypropylene for general scrubbing when you do not want to scratch or remove finish from the floor. Recommended for use in place of red pads.                                        |
| <b>Prolene:</b>               | Polypropylene material for medium-duty scrubbing on concrete, terrazzo and vinyl floor tile. Recommended for use in place of green or blue pads.                                                                        |
| <b>Magna Grit:</b>            | For extreme heavy-duty scrubbing or stripping of floors. This brush has extra large diameter silicon carbide grit impregnated synthetic bristles. Recommended for use in place of black pads.                           |
| <b>Dyna Grit:</b>             | For aggressive, heavy-duty scrubbing or stripping of floors. Recommended for use in place of brown pads.                                                                                                                |
| <b>MidLite Grit:</b>          | For general purpose scrubbing of sealed or unsealed concrete, stone, terrazzo, quarry tile and other resilient hard floor surfaces. Recommended for use in place of green or blue pads.                                 |
| <b>MidGrit:</b>               | For general purpose scrubbing when you need a lighter action for sealed or unsealed concrete, stone, terrazzo, quarry tile and other resilient hard floor surfaces. Recommended for use in place of green or blue pads. |
| <b>AgLite Grit:</b>           | For light scrubbing when used wet; buffing or polishing when used dry on urethane coated, sealed concrete or other resilient hard surface floors. Recommended for use in place of red or white pads.                    |
| <b>Short Trim Pad Holder:</b> | Made with a structural foam block and center ring for correct pad centering. It has a "shower feed" design for getting solution to the floor.                                                                           |

We provide brushes and pad holders that will give you the best possible performance between machine and floor. Following are descriptions of the materials and their applications.

- 46 Grit Brush: Most aggressive grit brush. Used primarily to clean heavy buildup on concrete floors in factories, or for heavy stripping of finish.
- 80 Grit Brush: Medium aggressive grit brush. Good all-around brush for medium to heavy buildup removal. Can also be used for general stripping operations.
- 180 Grit Brush: Least aggressive grit brush. Used for daily cleaning of hard-finished floors.
- Polypropylene Brush: Standard equipment brush. Low cost, yet effective in cleaning many common floor surfaces.
- Stiff Nylon Brush: Cleaning action similar to polypropylene. More durable and wear-resistant than polypropylene.
- Soft Nylon Brush: Least aggressive brush available. Used on soft-finish floors where a more aggressive brush would leave scratch marks, or in applications requiring very light cleaning.

## BR 755 BRUSHES

- 56412191 - Soft Nylon
- 56412192 - Hard Nylon
- 56412046 - Prolene
- 56412193 - 180 Grit
- 56412194 - 80 Grit
- 56412195 - 46 Grit
