

Stationary high pressure washer for multiple users

Each user can choose his working pressure and flow - based on the main unit line pressure and a range of special lances. The SC DELTA thus covers low & medium pressure applications. The on-board touch screen control panel automatically manages the start stop of pumps according to demand and also incorporates an advanced diagnostic system.

The SC DELTA offers high productivity with very high flow and simultaneous enabling of a wide range of user requirements of pressures, different flow levels, and detergents. It is a very durable and reliable machine, with easy maintenance and minimal downtime. The high productivity combined with low maintenance cost offers the best-in-class total cost of cleaning.

- 3,4 or 6 pumps for up to 12 users at one time
- Colour coded lances allow mixed use of low, medium and high pressure, detergent application
- Inlet water of up to 85°C into break tank and 70°C through pumps (80° as optional)
- Stainless steel design with high level of accessibility and serviceability
- Machine continues to run whilst individual pumps can be removed for service
- Intelligent start stop function for motor pumps depending on real-time demand from users
- Line pressures available from 80 to 100 bar
- Touch screen control panel & advanced diagnostics system

Abb. ähnlich

The SC DELTA is a multi-pump, multi-pressure system encompassing 3, 4 or 6 pumps - and allowing up to 12 people to work at any time. A stationary cold water unit for the heaviest cleaning applications in industry, slaughter houses, food, pharma & beverage industries. In general where a high water flow is needed.

Technische Spezifikationen

SC DELTA 8P
100/15000-6
400/3/50 EU

Druck (bar/MPa)	100/10
Anzahl der Pumpen	6
Reinigungswirkung (kg/f)	58.7
Pumpendrehzahl (U/min.)	1450
Leistungsaufnahme (kW)	53
Elektrischer Anschlusswert (V/~/Hz/A)	400/3/50/95
Wasserleistung q _{max} /q _{ieq} (l/Std.)	15000/14520
Düsengröße	Mix
Max. Zulauftemperatur (°C)	70
Keramikkolben	4
Abmessungen L x B x H (mm)	970 x 1050 x 1800
Gewicht (kg)	526
Geräuschemission gemäß Richtlinie 2000/14/EG (LwA)	103
